WORK EXPERIENCE

Web Front End Software Engineer
Accenture

10/2017 – Present *Dublin- Ireland*

Contact: *Stephen Clements – stephen.clements@acceture.com*

Full Stack Developer
Ungerboeck Software International

01/2015 – 06/2017 *O'Fallon, MO - USA*

Accomplishments

- Lead developer on successful web applications and web sites implementations. Those web sites/applications are very unique, as they are fully integrated with the company's main product through customized .NET web services as well as fully managed through regular CMS such as Joomla and WordPress.

Contact: *Kevin Zink – kevin.zink@ungerboeck.com*

Software Developer Intern
Local Backhaul Networks

05/2013 – 12/2014 *Chesterfield, MO - USA*

Accomplishments

- Designed and developed a series of new features including the Maintenance Ticket Bulk Uploader, the new Domain Editor interface and the new User Wizard interface. Part of the team that migrated old procedural code base into CodeIgniter framework for more rapid and robust development cycles.

Contact: *Tyler Rucker – tyler.rucker@localbackhaul.com*

Software Developer
MGS Informatics

09/2005 – 12/2007 *Itabirito, MG - Brazil*
03/2010 - 12/2010

Accomplishments

- Architected and implemented the company's new web-based software solution. Designed the User Interface from the ground up focusing on the end user experience and performance. Part of the team that architected and implemented the system's MySQL database.

Contact: *Marcelo Gomes – marcelog1068@yahoo.com.br*

CEO/Software Developer
Back Office Informatics

*01/2008 – 10/2009* *Itabirito, MG - Brazil*

Accomplishments

- Architected and implemented from the ground up a customized desktop application for clients that were not satisfied with any of the solutions available in the market.
